FCM Bank Ltd. specializes in corporate lending via Working capital loans, Real Estate Loans, Project Finance loans and Investment loans as well as providing deposit products for retail and corporate clients. The bank focuses on delivering simple and straightforward products to its customers whilst striving to provide them with the best service possible.

Our strong customer focus is reflected in our workplace, and we are constantly evolving and looking for opportunities for success in this dynamic and challenging market. Our people are our most important asset and play a vital role in our efforts to continually enhance our performance for customers and provide best-in-class products and services.

We have recently opened the position of **FINANCE MANAGER** and are seeking a talented individual with a demonstrable record of accomplishment to join our dynamic team of professionals.

## Job Description

FM is a senior finance professional with accountability for a specific area of the business who reports directly to CFO. FM will contribute to a company's success by providing reporting and analysis that helps inform top management. FM's insight and analysis will be used to support strategic decision making and assist senior management to assess and prioritise strategic projects and opportunities.

FM will be involved in budgeting and forecasting, preparing management accounts, managing cash flow and contribute to internal audit processes. FM will be involved with more strategic elements such as cost and risk reduction, finance system reviews and implementation or be asked to support other business projects.

## Responsibilities

- Monitoring ongoing financial operations within a company, such as payroll, invoicing, cash flow and other transactions;
- Formulating strategic and long-term business plans;
- Researching and reporting on factors influencing business performance and identifying areas for potential improvement;
- Identifying cost reduction opportunities;
- Ascertaining methods for mitigating financial risk of the company;
- Liaising with auditors to ensure annual monitoring is carried out;
- Managing budgets and producing accurate financial reports to specific deadlines;
- Contracting outside services for tax, auditing, banking, investments, and other financial services;
- Providing insightful information to senior management to aid long-term and short-term decision making;
- Keeping up to date with technological advances and accounting software.

## Required education, skills and experience

- A finance manager needs to be able to deal with complex modelling and analysis as well as having a sound understanding of financial systems and procedures;
- Possession of ACCA and registered as CPA (Certified Public Accountant);
- At least 3 years of experience in the same role or in a managerial role within a financial institution;
- University Degree in a Finance related discipline, relevant experience within the Financial Services industry and/or Big4.
- University Degree in a Management or Business related discipline with relevant experience of financial regulation and/or Big;
- Excellent attention to detail and strong interpersonal, communication and problem-solving skills are essential;
- Commercial and business awareness is highly beneficial, as are good organisational, planning and research skills;
- Fluent English language skills, oral and written;
- Profound IT skills – Excel, Word, PowerPoint, SAP
